**STAR TREK®:THE EXHIBITION, *Where Science Meets Science Fiction*** comes to  
The Tech Museum for a limited engagement.

You will be able to connect with iconic *Star Trek* moments and characters and celebrate the creative spirit of science fiction that gave rise to many of today's modern marvels.

This exhibition will be spread across more than 15,000-square-feet and features all five television series and eleven films that span over 40 years.

#### **STAR TREK: THE EXHIBITION features over 200 artifacts:**

- An authentic replica of the bridge from the *U.S.S Enterprise* NCC-1701 as featured in the original *Star Trek* television series
- The trifecta of the *Star Trek* universe: a tricorder; a phaser, and a communicator - all from the original series
- A chance to ride through a *Star Trek* adventure in a full-motion flight simulator (extra fee)
- The actual shooting model for the Borg Cube, that impending vision of doom as seen on *Star Trek:The Next Generation*, *Voyager*, and in the movie *Star Trek: First Contact*

Pricing does not include IMAX and simulators.
