

Tuesday, March 30th at 6:30 PM
at Qualcomm, 3165 Kifer Road, Santa Clara

IEEE GOLD EVENT

(Graduates Of the Last Decade)

**“Volunteer Information Evening - Presentations on
Engineering Volunteering Opportunities”**

Pizza at 6:30pm, Presentations 7-8:30pm

If you've always wanted to get involved in professional engineering volunteering activities but did not know how, this is the event for you. GOLD hosts a night of presentations/demos on opportunities relevant to younger members / Graduates Of the Last Decade.

Ram Sivaraman - "Leveraging volunteering for your Engineering Career" or "How to select the right volunteering opportunity for YOU"

Charlie Neuhauser: - Science Fairs (Synopsys & Intel)

Lee Colby - K-12 outreach activities (e.g. Project Solar) demonstration of hybrid fuel-cell car he uses as a hands-on project in classrooms

Jonathan David - BotBall. Call for volunteers. Bring a robot and have fun.

Information about FirstRobotics

Hillary Aitken Fernandes - BUILD (mentoring school kids)

Brian Cook - RAFT (Resource Area For Teachers) - donation and science kit center for educators - volunteers needed for sorting donations etc.

Lynn Guest - SVEC Discover-“E” Program - volunteers to make presentations to high school classes between February and May

Stephen McInerney - URL to wiki and brief calendar of 2010 events

We will have handouts and further contact details on how to get involved with each of these organizations. Free. Non-IEEE members very welcome.

RSVP at ieee-scv-gold-mar2010.eventbrite.com – or simply stop by

There will be free Pizza!!
