Subject: Tier 4a Interim Emissions Standards

Speaker: Armen Kludjian - Peterson Power Systems

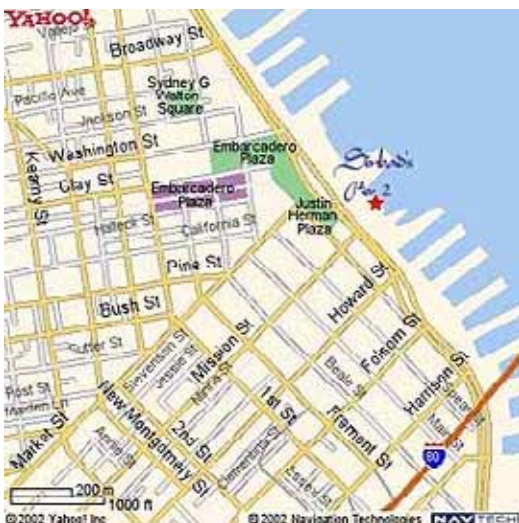

- 1) Beginning January 1, 2011 the EPA kicks off new tighter emission standards.
- 2) Our presentation will focus on the 751HP and above Standby Engines.
- 3) Action is currently pending at the state level and the information presented is extremely timely.

This presentation will be generic in nature and questions from participants are encouraged.

Copies of Caterpillar's "Application and Installation Guide" will be handed out to all attendees.

For more than 20 years Armen Kludjian of Peterson Power Systems has been designing, selling and applying Generator Systems, Paralleling Switchgear and Flywheel UPS for Hospitals, Data Centers, and Water Treatment Plants from 80kW to 3MW, with voltages ranges of 208V, 480, 4160 and 12kV.

Please join us in welcoming our speaker to San Francisco for what is sure to be an interesting and productive session.
